Phoenix

The angular arms of The Phoenix Collection are a subtle masterpiece, adorned with tapered hand-crafted legs made from character Ash. These legs feature two-tone finishes that accentuate the beautiful grain patterns, adding a touch of personality and charm to the piece. Opt for Limed Black Ash for a bold contrast or Weathered Ash for a softer, warmer look that invites relaxation. Choose from a curated selection of high-quality fabric options, including slubby chenille plains and luxurious velvet fabrics, perfectly complemented by carefully designed geometric accents. Whether you prefer bold and vibrant hues or subtle neutral tones, The Phoenix Collection offers versatility to match your desired aesthetic.
